WITHER SKELETON

Cardboard head / A3 printing and assembly

Finished face: 300 x 300 mm | Join overlap: 40 mm

Wrap tabs: 25 mm on all four edges (edge texture extended)

1 CHECK THE BOX

This file assumes each face measures 300 x 300 mm.
Measure your box before printing the full set.

2 PRINT AT ACTUAL SIZE

Use A3 paper (297 x 420 mm), portrait, single-sided.
Choose Actual size / 100%. Turn off Fit, Shrink and borderless expansion.
Print one panel first. Measure the 100 mm line before printing the rest.

3 CHOOSE THE PAGES

Page 1 is this guide. Pages 2-11 cover front, right, back, left and top.
Pages 12-13 are the optional bottom; skip them for an open-bottom head.

4 TRIM AND JOIN EACH PAIR

Cut each printed rectangle using the corner marks; remove the white border.
Brackets mark the shared 40 mm: A's right edge and B's left edge.
Lay B under A, align the shared bands, and keep the full printed rectangles.
Joined paper is 350 x 350 mm including tabs. Tape the reverse.

5 TRIM TABS, FOLD AND ATTACH

Remove the four blank corner squares marked CUT. Keep the textured tabs.
Fold at the dashed margin ticks: the central face stays 300 x 300 mm.
Keep UP on side panels; left/right refer to the wearer. Attach the front first.
Wrap tabs onto neighbouring faces; bottom tabs can fold inside an open box.
Cover tabs with adjacent panels. Add the top last, FRONT edge towards the face.
Trim off any tab that would cover a face you have already finished.
Place eye openings at your child's eye height; none are pre-cut in this file.

HOW THE TWO STRIPS OVERLAP

The dark band shows the shared texture. A goes on top of B.

Source pixels are enlarged without smoothing to keep the block edges sharp.

This line must measure exactly 100 mm
